A message to the participants of the 2008 International Governors Cup Tournament

For the State of Baja California Sur, it is an honor to welcome all lovers of sport fishing from all parts of the world to participate in the International Governors Cup Tournament.

It is a privilege to all Southern Baja Californians to live between two Seas, the Pacific Ocean and the Mar de Cortes where sport fishing is practiced on a major level. We have learned to preserve and promote this activity which is of such importance touristically and economically to our state.

We wish all sponsors and participants of this first International Governors Cup Tournament a successful and enjoyable experience and hope that it will serve as an inspiration to the national and international community to promote sport fishing in the beautiful and rich seas of Baja California Sur.

My administration is thankful to the Organizers of The International Governors Cup who are promoting this event in a noble and altruistic fashion which will benefit many young people and senior citizens.

Once again, welcome to our beautiful state, enjoy your stay and successful sport fishing!

Cordially,

**Ing. Narciso Agúndez Montaña
Governor of the State of Baja California Sur**
