Welcome to the International Governors Cup Tournament

Owed to the rich waters surrounding the coasts of the State of Baja California Sur, sport fishing, one of the most popular sport activities in the world can be experienced here.

The extensive and rich coastlines of Baja California Sur, the Mar de Cortes and Pacific Ocean make it possible for amateurs and professionals alike to enjoy abundant marine life, test their stamina and fishing ability against the legendary Black Marlin, Blue Marlin, Striped Marlin, Sailfish, Dorado, Swordfish, Tuna, Sea Bass, Yellowtail, Wahoo, Roosterfish and many, many more species that are found here, and have made it possible for this state to become one of the most important sport fishing locations in the world.

The state government, headed up by Ing. Narciso Agundez Montano, together with tourist services, local businesses, organizations, national and international groups has set in motion many diverse actions to defend the environment, marine life and our natural resources by promoting the practice of 'catch and release' and the regulations of the International Game Fish Association (IGFA) in order to benefit future generations of sport fishermen.

Sport fishing is one of the pillars upon which tourism in the state of Baja California Sur was built; and because of the quality of sport fishing found here, The International Governors Cup Tournament (IGCT) will join the ranks of major international tournaments. This tournament will unite local sport fishing fleets, local and international fishermen from around the world in competition for a anticipated One Million Dollars in prizes.

A portion of the monies from sponsorship and participation will go to benefit the very important work of building a Senior Citizen home which will offer a better quality of life to the elderly.

We welcome all participants to the International Governors Cup Tournament, where we assure you a good time and good fishing.

Cordially,

Oscar Armando Daccarett
Honorary Sport fishing Representative for the State of Baja California Sur
